

The Anna I. McPherson Lectures in Physics 2007

Public lecture:

**Bose-Einstein condensates -
the coldest matter in the universe**

Thursday, March 1st, 18:00

Leacock Building, 855 Sherbrooke Street West, Room 132

Scientific lecture:

**New forms of quantum matter
near absolute zero temperature**

Friday, March 2nd, 15:00

Strathcona Anatomy and Dentistry Building, Room M1

McGill

Wolfgang Ketterle
Nobel Prize in Physics 2001

John D. MacArthur Professor of Physics
Massachusetts Institute of Technology

Don 2007
